

## The Sixth China Private Equity Summit, May 28, 2007

The China Summit, highly regarded by private equity professionals as an annual roundtable to obtain the latest and high quality information on trends, regulatory updates, issues, structures, deals done in China. Being organized by the practitioners themselves, the Summit covered current topics as China Stock Market Reform, A Shares Listing, Legal and Tax Changes, SOC Restructuring and Environmental Issues. Speakers made outstanding presentations on their experiences, deals, lessons, successes with the audience.

As in the past, the China Summit attracted full attendance of 200. It also served as useful platform for learning and networking for ventures capital/private equity players, corporate executives, entrepreneurs and service providers.

Luncheon speaker was Mr. Sing Wang, Partner, TPG. He delivered a most interesting perspective of the trends and exciting investment opportunities, and factors for success in doing deals in China.
