A very fitting celebration of 20 years of service to the industry.

The evening was heralded by a spirited HKVCA song sung by 17 past Chairmen and current Executive Committee members, setting the mood for a lively and fun evening.

Johnny Chan, Chairman 2007-08 recognized the past and present contributions of those who volunteered their time to help the Association promote the asset class in Hong Kong and China.

Victor Fung, Founding Chairman recounted history of how the Association begun and the evolution of the industry.

The highlight was a talk by Mr. Hank Greenberg, Chairman and CEO of C.V.Starr & Co Inc, the business titan in US and around the globe, a leader in US-China relations. He is held in high regard for his vision and acumen in building the largest global insurer. Mr. Greenberg providing interesting observations and perspective on private equity, globalization and the place of China.

With the success of the industry over the past 20 years, it was time for some 'giving back' to the community. Auctions of 7 contemporary Chinese paintings from Alisan Fine Arts including a lithograph from Zao Wou Ki were sold. Sporting memorabilia which included a Rolling Stone signed guitar were also popular. The auction raised more than \$250,000 for the Chinese University Students Exchange Program and Chi Heng Foundation for orphans of AIDs victims in China.
