The FinTech50 was founded by Nicky Cotter and Julie Lake in London in 2012, to recognise 50 outstanding FinTech companies across Europe who are transforming the financial services landscape. Now in its third year, it has become one of the most recognisable brands in FinTech and a powerful magnet for FinTech pioneers across Europe who want to engage with a global community of FinTechs, Venture Capitalists, Banks and Global Technology acquirers. The list is selected each year by a panel of industry experts in FinTech and creates worldwide interest. Partners include, Fiserv, Silicon Valley Bank, Investec, Santander Innoventures, Vitruvian Partners and ICON Corporate Finance.
