

VENTURE

July 9, 2018, Hong Kong

The best
event I've
experienced.

Tony Florence, NEA

Powered by RISE, HKVCA and HKEX

Every tech company is here. Large companies and small companies all want to be a part of this.

Jenny Lee, managing partner, GGV Capital

From the Global Heads of M&A and TMT at Goldman Sachs, to the world's leading limited partners and venture investors, we know how to connect the entire investor ecosystem.

Powered by RISE and the HKVCA, Venture brings the most influential investors from top international funds together with leading family offices, funds of funds, and sovereign wealths for a special one-day event. Held right before RISE, this invite-only gathering is a day of focused talks, curated roundtable discussions and a chance to engage with the people driving change in investment.
