# HKVCA Luncheon Talk - 12 November, 2018

On-Prem, Private Cloud, Hybrid Cloud, Public cloud:
Which is the right set up for your firm?

Speakers' bio

Dean Hill
Executive Director
Eze Castle Integration

Dean Hill is Executive Director of Eze Castle Integration UK and also leads the international new business teams in London and Asia. Dean's career in technology started with one of the UK's largest telecoms providers where he held numerous positions from engineering to business development and account management. With overall management responsibility in the UK, Dean is able to provide clients with swift decision making focused on delivering high service levels.

Dean attended Kemnal Technology College. He also holds a number of industry specific certifications for technologies such as Cisco, Avaya and NetApp.

Michael Steinkuhl
Associate Director
Eze Castle Integration

As Associate Director of Eze Castle Integration's network in Asia, Michael Steinkuhl oversees service and business development across Asia-Pacific from the company's Hong Kong office. Michael's expertise lies in tailoring services to meet the individual IT needs of firms operating in the financial services industry. Michael also acts as an external CTO to multiple hedge funds, private equity firms and family offices, to help them align business requirements to IT strategy.

With 15 years of global experience in the IT sector, Michael has held numerous positions of responsibility prior to joining Eze Castle Integration last year. Michael has successfully managed and delivered projects include the roll-out of SAP to factory in China, a large-scale global Virtual Desktop roll-out and a migration from Novell Directory Services to the Microsoft Active Directory environment.

Michael's academic accolades include a MBA from Royal Holloway, University of London, and a bachelor of science in Business Management, from London School of Economics.

In addition to this, Michael continues to expand his skillset by working towards various technology specific certifications such as VMware ESX Professional, Citrix Certified Administrator and ITIL foundation.
